Notes for Johanna Merkel:

History supplied by Carl Amelung places her date of birth at February 3, 1876. History supplied by Ada Degenfelder places her birth at February 3, 1863. Since her first child was born in 1887, it would seem unlikely she'd be only 11 at that time so I'm using the 1863 date which seems more realistic.

Johanna Merkel died giving birth to her 4th child which was stillborn.
