; The Compton Clan;

These few lines are written in hope to find more information about the COMPTON people, am anxious to know about their early history. Their deeds of valor, their contribution to our civilization, their hobbies, their whereabouts, and their ancestors. The name COMPTON is an Anglo Saxon word, meaning a settlement in the hill or hill country in England.

At first our Saxon ancestors were content with one name but due to the increase in population it was necessary for war, church, and state affairs for every person to have two names in the years to come.

So the name COMPTON is found to be of ancient lineage with the following spelling; COMTCN. COMPTCN. COLTCWN. CULTCN. CRUMPTCN. CRAMPTCN. and COMPTON the last spelling is the accepted form for to day,

Prior to the Fifteenth century they were located chiefly in Berks. Chester. Devens. Essex. Kent. Northampton. Somerset. London. Warwickshire. and Wilts counties England, some found in IRELAND and SCOTLAND.

The original ancestor of all COMPTONS is supposed to be the noted ANGLIC² SAXON CHIEF, "ALWYRE: who fought valiantly against WILLIAM the conqueror in 1066 from WARWICKSHIRE,

Thomas Compton was a direct descendant of ALWYRE in the reign of Henry III. to day the name ²JOH. RICHARD. THOMAS. PHILLIP. WILLIAM. and EDMUND are the predominating names found in the Compton family.

From the best information the first Comptons came from KENT County England were John Compton, Settled at Roxbury Mass. then William the 1st, and Francis Compton all came over about the same time. One Settled in Maryland and one in Virginia.

Here is a Memorial history from the state of New Jersey in 1667 which says.

Among the early Settlers of England who braved the dangerous Voyage were the COMPTONS who settled in Manmouth County New Jersey in 1667 The leader of this voyage was William Compton. he became the first settler and proprietor of Middleton New Jersey, and was granted 280 acres of land.

At one time there were more Comptons in New Jersey than any other name, and as time went along they began to move ~~to~~ a lot of them came to Maryland, Virginia. North and South Carolina, some went to Tenn. Ohio and KY.

So i have ben working along with material from the living presence and the dim past and have come up with some interesting history and family records of the COMPTON family
