Hi:

I am a member of the Crawford Co. Gen. Society and I saw the list of names on Family Books or Files in the library. One I am researching is Jones. Is it possible to obtain copies of the file if it is not too large?

Thanks.

Larry:

Thank you for getting in touch and sharing your Jones web site. However, it looks like we have different lines. Wish we didn't as you have a lot of information.

My first known Jones is Henry H. Jones, born 1765, SC. Married about 1785, SC, Martha Kemp. He died around 1830 in Orange Co., IN, I think and possibly buried there. Martha was a daughter of Reuben Kemp and Jenny Steart, born about 1769-70, NY and died between 1822-50 in Orange Co. Their children were: Chloe, Henry Jr., Nancy, David and Martha. My line is Nancy, born about 1790, SC and died after 1846 IN, burial site is unknown. She married Aug. 9, 1808 in Barren Co., KY, John Jewell. Jewell is my main line. I have never found burial places for either one.

Henry H. Jones was a Baptist Minister in Barren Co. and was opposed to slavery. Evidently he preached against it once too often and had to move to Indiana and safer territory. He performed just a few marriages after moving into Indiana.

So, this is where I'm at. I thank you again for your reply. I do most of my research in Indiana and have to say the people there are very friendly.

SEATON FAMILY

of Grantsburg, Sterling Twp., Indiana

Mr. Walter Guido Seaton of 709 Forrest Avenue, Jasper, IN 47546 was a recent visitor to the Archives with Densil Wilson. I happened to drop in at the archives with my recently completed copy of the Federal Land Records and Mr. Seaton copied a page of the records. He later came to the February meeting of the society and we talked some about his family. He then sent me the following information on the Seaton line.

Origin of The Name.

According to *The Surnames of Scotland*, by George F. Black, Ph.D., the name is territorial in origin, from the village of Sai, near Exmes, in Normandy. The first Seton in Scottish record is Alexander Setone who witnessed a charter by King David 1st, granting lands to Walter de Riddale, c. 1150.

The First Seaton in America

John Seaton was probably the first of the name to come to America. He traveled from London to Virginia, August 7, 1635 on the ship *Globe*. He was then 19 years of age.

The First Seaton in Crawford County, Indiana

Walter Seaton begins his genealogy with one John Seaton who was born in Tennessee on Dec. 10, 1777. On Dec. 28, 1793, age 16, he married Sarah Byrd / Bird in Greene County, Tennessee. Sarah was the daughter of Jonathan Byrd/Bird and was born on July 5, 1775 in North Carolina. She would have been about 18 years of age when married.

The Census Record

A John Seaton is listed in the 1820 Census Records of Crawford County. Also listed is a Jonathan Bird, possible father of Sarah. The 1830 Census lists two James Seatons but no John. The 1840 Census lists both a John and a James Seaton.

The Land Record

A James Seaton purchased land in Township 3 South, Range 1 East on May 8, 1838. John Seaton purchased land in the same area in 1831 and made subsequent purchases in 1836, 1837, 1838 and 1841.

Civil War Soldiers Buried at County Expense and Their Records

The Federal Government mandated the local counties and specifically the Township Trustees to see to the burial of veterans that did not have the money to be properly buried. The act also included their wives.

The county records contain the documents used in this process, along with some of the receipts from local merchants who provided some of the services. The records contain documentation of 58 veteran burials and two widows of veterans. Here they are, along with page numbers of the recent book I put together:

Publication of Crawford County Cemetery Books and an All-County Cemetery Index

Last month Richard Eastridge and I drove to Evansville to pick up copies of the Cemetery books that I had compiled for the society. These books filled the void in the counties cemetery files as there were no books yet compiled for Sterling Township Cemeteries, Liberty Township Cemeteries and Whiskey Run Township Cemeteries. While I was doing these books, I also indexed the Patoka Township Cemetery Book. I then copied the index out of the Jennings & Boone Township Cemetery book to compile the All-County Cemetery Index.

You can imagine my suprise when I sold my first All-County Cemetery Index book and the buyer said "You do not have all the cemeteries listed!" "Where is Sheckell Cemetery?" And sure enough, it was missing, along with all of Boone Township. I immediately went home and found that I had inadvertently missed that township cemetery index. I had a 16-page addendum available within 24 hours and sent the addition to the buyer, who had still bought the book, a \$45.00 item, even on my promise to send the up-date. I then provided Pricilla Eastridge with the addendums to send to buyers of the book and insert the rest in the remaining books. I believe I still have a few to print for the total of 26 books we had printed.

Another question was asked about the Sterling Township Cemetery book and the fact that the index lists the Mills Cemetery, but it is not on that page. The error is not the listing of that cemetery, which has only four readable stones with the Brown name, but the cemetery listed should read "Mins Bird."

Another asked about the Cuzzort Cemetery. This cemetery is indexed in the Patoka Township Cemetery book. The cemetery sits near the township lines of Sterling and Patoka, just like the Tunnel Hill Cemetery, and the El Bethel Cemetery on the township line between Whiskey Run and Jennings townships. The important thing is that there is a census available.

There are still many small family cemeteries in the county with no census. They usually contain only a few graves with less than a half-dozen marked. It is a continuing struggle to get all these cemeteries documented, both the existing ones and the destroyed ones!

These books can be purchased from the CCHGS, see their website.
