

WORDEN (Private) CEMETRY

Nov. 9. 1975

This Cemetery is on land originally granted to John Jarvis and known as Lot No. 38. It is in a field behind some tumble down buildings. The property is owned by a man living in Germany. The out-buildings are in bad shape and the house is beginning to go.

There is only one headstone in sight and it is broken in two. People living along the road say that there are a number of Wordens burried there, but no signof any graves. The last Worden living on the place was Arthur and his wife Hettie.

The sketch and report was made by Fred L. Corcoran, assisted by Mr. George West for the Queens County Historical Society.

November 1975.
