

**Rotheram, Ian**

Graduated with BSc Forestry from ANU. Joined Forests Department in 1980s. Promoted to Manager of Timber Utilisation Centre at Harvey in 1997. Industry development manager, Forest Products Commission in 2010s, has worked as a forester in WA for more than 20 years. His work is largely based around the renewal of long- term agreements with pine customers and improved settings for growing, harvesting and delivering plantation products, including work in the use of plantation residues for bio energy.
