

## DEATH OF ELIJAH HOUGHTON.

Elijah Houghton died at his home in this city on Tuesday morning. He has been in failing health for some time and had to quit work the latter part of December.

He was born near South Chicago, May 1836 and when 12 years old came to Manitowoc. He was married to Miss May Jones in 1862. The issue of this marriage was 14 children, 7 boys and 7 girls, two of the latter having died.

He followed the lakes since he was 12 years old, and quit only in recent years. Mr. Houghton filled his place in life so as to earn the respect of all who knew him. To provide for a large family and fit them for the affairs of life is a mark of manhood none the less excellent that it is not heralded as such. Mr. Houghton did this through his earnings. What really higher tribute can be paid a man? The funeral takes place to-day.
