#### Notes

*It is my belief that George Langford was born in 1727 in Lunenburg County, Virginia. He married a woman by the name of Judith about 1754 in North Carolina. I have yet to establish either the maiden name of Judith or to find a marriage bond to determine their exact date of marriage. It is unknown by me if such a record even exists as the marriage date is in an early period. If there was a record, it would in my opinion most likely be found in a Parish Register.*

*In September 17, 1759 John and George Langford/Lankford are mentioned next to one another in the Returns of Processioning in Obedience to an order of Vestry, Before the Division of Cumberland Parish. This is my first indication that George's father is a John Langford. Source:*

*On May 1774, George Langford acquired a piece of land in Bute County, North Carolina as recorded in the Bute County, North Carolina Minutes of the Court of Pleas and Quarter Sessions. The acquisition is transcribed as follows: "A Deed from James Williams to George Langford was proved by the oath of William Rose a Witness thereto and on Motion the Same is Ordered to be Registered."*

*This entry contains some very important information when analyzed closely and further supports the connection between father (George Langford, Sr.) and his children, specifically, John Langford. Two of George's grand daughters (from his son John Langford) married men from the Rose family. Secondly, we begin to see a migration pattern forming for George Langford from Lunenburg County, Virginia. Bute County, North Carolina is abolished in 1779 and Warren County, North Carolina forms from this area. This county line shift occurs 5 years after this land purchase. Also, keep in my mind that Lunenburg County, Virginia is almost exactly due north of Bute County, North Carolina.*

*In that same month of May 1774, another court entry is recorded that holds some significance. It is recorded as follows: "George Tucker is appointed overseer of the road in the room of Robert King & That he keep the same in repair with the hands of Geo: Tucker, Dan'l Burford, Sam'l Jones, Allan Burton, John White, George Langford, George Rose, John Fowler, Alexander Fowler & Robert Davis &c.286"*

*This entry shows two additional clues about George's connection into the timeline besides his name being mentioned in a time and place. We have our Rose connection again and keep in mind that one of George's sons, Joab, marries Betsey White as the White surname is mentioned. The reference to maintaining a road implies that all of these people live somewhat close together.*

*On January 27, 1779, a George Langford is mentioned as a neighbor in Bute County, North Carolina land transaction. It is transcribed as follows:*

*"Thomas Richardson and Ann, his wife, of Bute County to Edward Marks, of Brunswick County, State of Virginia for 1,260 Pds. Va. money for 360 acres in Bute Co. on BS Smiths Creek from the Country (sic) Line to the Camp Branch adj. Chas. Davis, George Lankford and old line ("as was") of Israel Roberson." This recorded footstep is credited to Poldi Tonin, another Langford researcher. Keep in mind that in just a few months from this recorded footstep, the County of Bute will be abolished and Warren County, North Carolina will take its place. I think it is important to point out that it is just as likely that this recorded George Langford is actually George Jr.*

*In May 1782, George Langford writes his will. Based upon the wording, George is suffering from some type of disease*

and knows he is going to die soon. There are several publications that transcribe this will and are mentioned further down in the sources section for George.

Bill Kaye Langford has provided a copy of the actual will itself. The will contains several important clues about George Langford, Sr. First and most importantly, it gives the name of his wife and the name of his children. We can also conclude that he did in fact die in May 1782 as he wrote the will that month and at the end of that same month, his will is proven. That provides us with a fairly accurate time of death within 3 weeks (the beginning of May to the 3rd week of May in 1782).

The following is the Last Will & Testament of George Langford of Warren County, North Carolina.

"In the Name of God Amen. I George Langford of the State of North Carolina and county of Warren am weak and sick but sound in mind and memory. Praised be God do make and ordain this my last Will and testament in manner and form following Viz.

First and Principally I recommend my soul into the hands of God who gave it, hoping through the meritorious Death of Jesus Christ my Saviour, to receive free pardon for all my sins past and ask for my body to be buried at the discretion of my executors hereafter nominated.

Item My will is that I leave all this tract of land whereon I now live to be equally divided among my four sons John, George, Kirby and Joab Langford to them and their heirs forever and my will is that my son John Langford to take care of his mother during her natural life. My will further is that if any of my sons should die before they come of age or marriage, then his or their parts to be equally divided among my surviving sons.

Item I give to my daughter Delilah one feather bed and furniture to her and her heirs forever. My will further is that after my son Joel arrives to the age of twenty one years then my personal estate to be sold and equally divided among my wife and all my children.

I appoint my dear wife and my son John Langford executors of this my last will and testament revoking and annulling and making void all other wills and testaments before made. I witness whereof I have hereunto set my hand and seal this first day of September one thousand seven hundred and eighty

On May 23, 1782, George Langford's will was proven in court as recorded in the Warren County, North Carolina Minutes to the Court of Pleas and Quarter Sessions. The actual court record entry is transcribed as follows:

"The Last and Will and Testament of George Lankford, deceased, proved by the oath of Thomas Newman and Thomas Wilson, and on motion the same is ordered to be recorded. "

There is a separate entry in the Warren County, North Carolina Minutes to the Court of Pleas and Quarter Sessions immediately following the will being proven on that same day. This entry is transcribed as follows:

"Judith Lankford returned into Court an Inventory of the Estate of George Lankford, deceased, on oath and ordered to be recorded, who also took the Oath of Executrix."

### Notes

*John Langford was born about 1755 in Warren County, North Carolina. He married Martha "Patsy" Duke on July 27, 1787. Martha is believed in several sources to be a descendant of Simon and Martha Duke.*

*The information that most people seem to reference when researching John was written by Seth Warner. It is titled, "The Descendants and Antecedents of John D. Langford & Martha Eliza (Steed) Langford of Warren County, North Carolina" published in August 1982. It comes in form of several booklets.*

*Authors Note: There are 3 important surnames listed throughout the will of John Langford that further provide validity to the family line. They are Duke, Paschall and White. Duke is the surname of his wife. Paschall is the surname of the family that John's Grand daughter Susan and several other Langford's married into. White is the surname of the family that his brother Joab married into.*

### Notes

*I have added a Jr. after this George to better aid in separating this George from his father. None of the documentation I have seen to date differentiates between the two with a Sr. or Jr.*

*I am currently speculating if this George Langford is the same one that served in the Revolutionary War. In the Revolutionary War Service Records 1775-1783, there is a Private George Langford, Roll Box: 40, listed. I am not yet certain if these two people are the same, but Georges birth date would coincide with serving in the Revolutionary War.*

*On December 3, 1790, in Warren County, North Carolina, George Langford sells some of his property. It is recorded as follows:*

- \_\_\_\_(4) 1810 US Census, North Carolina, Warren County, Roll 42, Book 1, Page 171. The census shows George Langford as Head of Household. Living in this household, are the following people: 2 free white males under 10, and 1 free white male age 26 thru 44, 3 total free white males. 2 free white females under the age of 10, 1 free white female age 26 thru 44, 3 total free white females. I thought it is important to note that they have 0 slaves. Again, I am still trying to correlate this. Hopefully I will discover more facts to support these findings. 1810 Research Conclusions: I still need to research more on George Langford's household; I believe that George is John's brother; I believe that the 1 free white male age 26 thru 44 is George Langford; I believe that the 1 free white female age 26 thru 44 is Patsy(Mallary) Langford.
