Notes for Elizabeth Ann Turner:

Children of Elizabeth that are listed with two dates, is: one from D. A. R. application, an second: from other books about the subjects. Which is correct? Most are within five years. David Chadwell, Jr. might be later, as some say he was very young, when he and his father, David Chadwell, Sr. came into Tazewell, Claiborne County, Tennessee. Dates, that are wrong, were assigned to the person to keep from confusing them with others of the same name. Dates, were of the time before or after the person with the same name. I have found, that the brother would name his children after his brothers children. Or, both after the grandparents. So, there may be two grandchildren, with the same name and about the same date of birth. Example, find the Hall family. My great grandparents era of the 1860's.

Marriage Notes for David Chadwell and Elizabeth Turner:

Due to several fact of Elizabeth Turner's birth and marriage, the dates are of my choice. E.G. One date of marriage is 1752 in Pittsylvania County, and, also married in Henry County, Virginia. My choice of the later, is the birth of the children. But, I may be wrong, in doing do. SFC John B. Lankford, Jr., 7nth generation grandson.

David Chadwell (Source: Bashie Kinkaid, "FORTS IN LEE COUNTY Chadwell's Station, submitted by Bashie Kincaid," *Historical Land Deeds*: Publication #4, Historical Society of Southwest VA. 1968, submitted by Bashie Kincaid, Mordecai Hoard of Henry County, Virginia, came to Powell Valley in Lee County, with Captain Joseph Martin in 1775 and took up a 400 acre tract of land in the Martin Grant of 1769. He also took up another tract of 800 acres. Hoard returned to Henry County where he died. Captain David Chadwell, also a native of Henry County, bought from the heirs of Hoard the 400 acre tract and 707 acres of the other tract. Deeds for these tracts being dated November 1791, however, David Chadwell was in the area as early as May 1790, and immediately upon coming here he built a Station or Fort, which was widely known as "Chadwell's Station." The station was a stop-over for people traveling westward over the Wilderness Road, as well as being a refuge from Indian attacks for Chadwell and his neighbors. Whether this is a stockade fort or just a fort house is not known. There is today a church in the area called Chadwell's Station Church. After settlement David Chadwell began acquiring other lands and by 1801 he assessed with 1800 acres of land in Lee County. He continued to acquire land in both Lee County, and adjoining Claiborne County, Tennessee, and finally moved to Tazewell, the county seat of Claiborne County, leaving his Lee County land in the hands of his children. Notes for Elizabeth Ann Turner:

Children of Elizabeth that are listed with two dates, is: one from D. A. R. application, an second: from other books about the subjects. Which is correct? Most are within five years. David Chadwell, Jr. might be later, as some say he was very young, when he and his father, David Chadwell, Sr. came into Tazewell, Claiborne

County, Tennessee. Dates, that are wrong, were assigned to the person to keep from confusing them with others of the same name. Dates, were of the time before or after the person with the same name. I have found, that the brother would name his children after his brothers children. Or, both after the grandparents. So, there may be two grandchildren, with the same name and about the same date of birth. Example, find the Hall family. My great grandparents era of the 1860's.

Marriage Notes for David Chadwell and Elizabeth Turner:

Due to several fact of Elizabeth Turner's birth and marriage, the dates are of my choice. E.G. One date of marriage is 1752 in Pittsylvania County, and, also married in Henry County, Virginia. My choice of the later, is the birth of the children. But, I may be wrong, in doing do. SFC John B. Lankford, Jr., 7nth generation grandson.
