

Todd Family # 124 (TF 124)

This family is centered on the John Todd 1754-1819 who lived in Nottingham Township, Washington County in SW Pennsylvania. His descendant DNA matches the Todds of Ballycastle, in northern Co Antrim, Northern Ireland which is presumably the origin of this family.

Some researchers associated John with the William Todd b 1753/1756 who went to Harrison Co OH and Edward Todd who settled in Steubenville, Jefferson Co OH; others associate William Todd b 1753/1756 Ireland with the Archibald Todd b 1764 Ireland who lived in Flushing, Belmont Co OH by 1820. The latter association is based on their being an Archibald Todd and William Todd in Washington Co PA.

There is an Archibald Todd in Washington Co in 1800 and 1810, but in Chartiers Township, but there is a William Todd b 1755-1794 and a John Todd born prior to 1755 in Nottingham Township, Washington Co., PA.

IN 1793, there was a John, William and Edward Todd in Washington County:
pp. 35:1793 Nottingham Township - Todd, William; Todd, John; Todd, Edward.

Edward sold land to John Todd in 1805.

Hi Ann,

I saw your Todd family info on the Laurens, SC website.

The only new info I have on my William Todd 1756-1852 and his brother Archibald 1763-1852 is more names for William 1756-1852's children, they were:

1. Elizabeth Todd 1795-1828 wife of William Auld
2. Robert Todd 1797-1882 husband of Martha Auld 1800-1870 who married 1824 in Harrison Co., Ohio, my ancestors
3. Isabel Todd who married James McMillen
4. John Alexander 1809-1877 who married Mary Love

I do think that William Todd 1756-1852 who I believe was born in Ireland, as was his brother Archibald Todd 1763-1852 who lived in Belmont Co., Ohio. Harrison and Belmont Co., Ohio are side by side. My William Todd 1756-1852 was in the Bedford Co., PA Militia in the Rev. War.

William and Archibald are in Washington Co., PA in 1790. William has no wife when he comes to Harrison Co., Ohio about 1818 but is in his 60's and brings 4 children with him to Ohio, the youngest one that comes to Ohio is born in 1795. There is a possibility that William had children that stayed in PA. William's wife may have been named Isabel, the name carried on in his children. I also believe that Archibald Todd who also came to Ohio about 1818 had his second wife who is buried with him, she was Nancy 1774-1844. Archibald, Nancy, William and William's grandson William Todd 1828-1915's wife Margaret Ann Mansfield Todd 1832-1858 are all buried at Nottingham Cemetery in Harrison Co., Ohio.

The reason I say this is that Archibald did not have a son named Archibald when he came to Ohio. Archibald Todd 1763-1852 researchers that I have talked to tell me that Archibald was worried about carrying on the name of Archibald Todd. Why no son Archibald Todd???

Why was he worried?

I have a gut feeling that there is a connection between the SC and OH Todd families. All of the Todds I have mentioned were from Ireland. They could be related or they could just have the most common names in Ireland. I'll bet they were Presbyterian.

Have you tried Ships List from Roots web to see if he was a direct immigrant? I will try to forward the web address so that you can join. Warning they come often. I cannot find my Patrick because there are no surviving lists for the 1790's.

Have you found any new info on the OH and SC connection?

Nothing ever on Ohio, and most of what I found on SC Todds was posted on Todd and on Laurens Genealogy Forums..

Note by Richard McMurtry

I note that the 1840 census lists a Revolutionary War pensioner in Nottingham Twp, Harrison Co OH namely William Todd aged 84 (born 1756). On the same page is an Alexander Todd b Pennsylvania 1809 with a man 80-90 years old, presumably William Todd, the Rev. War Pensioner. It would be good to get a DNA sample from this branch of the family. I am not convinced that William Todd b 1756 of Harrison Co OH and Archibald Todd of Belmont Co OH are brothers but they are both born in Ireland..
