'Tis said that "He who titters tardiest has the heartiest guffaw."

The other day someone remarked that just because she is a Burr is no reason everybody has to go nuts over her.

A girl met an old flame and decided to high hat him.

"Sorry," she murmured, when she was introduced to him, "I didn't get the name."

"I know you didn't," rejoiced the old flame, "but you sure tried hard enough."

Inexperienced: Should I marry a man who lies to me?

Experienced: Unless you prefer to be an old maid.

Then there was the Scotchman who gave up golf for football because he thought a quarterback was a rebate.

Eldon Fry: What is the height of your ambition?

Howard Moffitt: She comes about to my shoulder.

Dr.: I hate to tell you, but I'm afraid you are suffering from scarlet fever.

His patient turned on his pillow to his wife, and said: Janie, at last you can tell my creditors I'm in a condition to give them something.

Who was the man who took off his glove when the mover asked him to "bear a hand"?

First human being: He put blue vitrol in her coffee.

Second human being: Yes, isn't that killing?

Wife: What do you think of my new picture?

Hi (giving her flipper an outing in her roadster): Would you like to see where I was vaccinated?

Ite: Yes, indeed.

Hi: Well, keep your eyes open; we'll drive by there pretty soon.

Did you hear about the Scotchman who walked all over town trying to find a cheaper post office?

You say he is a diamond cutter?

Yes.

How long has he been in the jewelry business?

Oh, no, not that! He cuts the grass at the baseball field.

When Noah sailed the ocean blue  
He had his troubles, same as you;  
For days and days he drove the ark  
Before he found a place to park.

Why are you late?

Because I started late.

Why didn't you start early?

Because it was too late to start early.

Illiterate: Was my telegram sent?

Messenger: Why, now I think of it, it did have a funny smell.

She: This sun makes me sleepy.

He: You're crazy. There isn't any sun today.

She: I meant your father's son.

*Who't It?*

What size shoe do you wear?

Size two and a half.

What?

Yeah, two cowhides and a half a keg of nails.

At a lecture the speaker orated fervently. "He drove straight to his goal. He looked neither to right nor left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him, nor turn him from his course. All who crossed his path did so at their own risk. What could you call such a man?"

Voice from the audience: A truck driver.
