THE MUNCIE STAR, SUNDAY, JANUARY 9, 1977

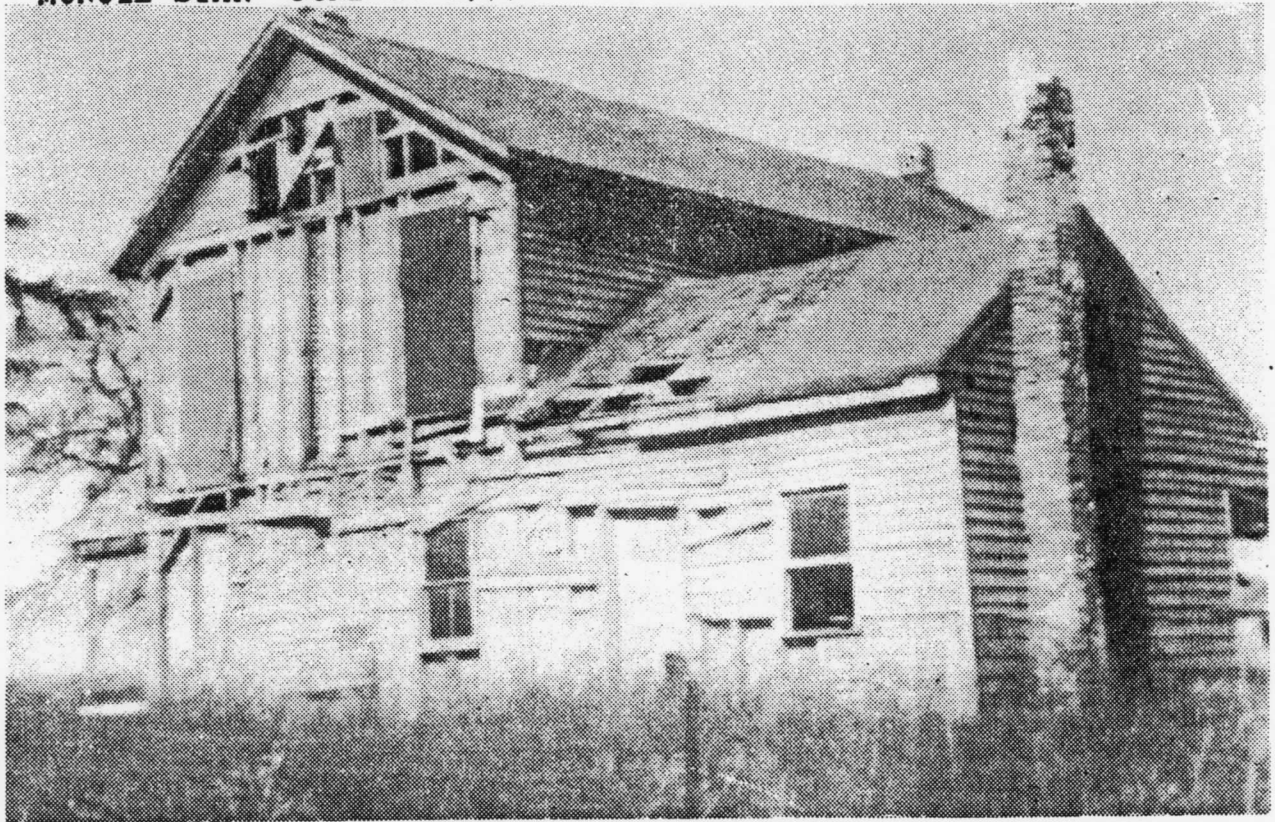

## Album of Yesteryear

*In 1921 this fleet of buses transported pupils of Salem Township to and from this school building in Daleville. The photo was supplied by Byron K. "Barney" Jones, 1738 West Eleventh St., a pupil in the school at the time. He identifies the men standing directly in front of buses, from left, Jack Campbell, Charles Painter, Bill Smith, Oscar Richman, Atlee Rinker, Art Walters, Mr. Mowery and Ollie Baker. The three men in the center of the photo at the school entrance are unidentified.*

THE MUNCIE STAR

**THIS OLD HOUSE** — Unoccupied for a decade this frame dwelling with brick inner walls is being razed by Cecil Rector at his farm southeast of Daleville. Rector believes the original part was built during the Civil War and the addi-

tion dates to the period of the Gas Boom, probably the 1890s.

**This early school bus, used by the Union Township schools, was built by the Daleville Body Company**
