Dear Shirley and Clif,

It was nice seeing all of you this summer. Seems like the only time I write is when I have information on genealogy. I can't remember if we gave you this information that Wilma got in Germany when she was there with Cindy. It goes back a couple more generations that you might like to include in your records.

Also thought you might like a photocopy of these pictures that we got from Glenn Edward from Michigan. Without looking at my records to be absolutely positive, she is a descendant of our Grandfather Henry's brother Frank. She brought all her pictures with her to the reunion and she and Wilma and I photocopied them. These are the first we have ever seen of the Haas family, thought we would never see any. Of all the pictures though, there are none of Henry, although all these were taken around 1930 because Bertha Haas, Uncle Valentine's wife died in 1933. Too bad our parents never went to any of these functions.

You probably heard about our big wind storm, it was frightening, and did so much damage all over the Bay Area. Had no damage at all that I could find here in my yard or house, thank goodness.

I have finally ordered a genealogy program, Roots III with the Utility package that will let me use text with the program. It is supposed to be "complex", just hope I will be able to work with it. It does more things than I will want to do right now, but later on I might want to use all of it. Anyway it will at least get me started.

Talked to Janet so know all of you are well. Have a nice Christmas and wish you all the best in the New Year.

Love,

*Marj.*
