Final Version

Preface

This eBooks contains information on the family name shown in the title.

This is a final version of the eBooks that have been available from my website as the genealogy program that I have used to produce these books has reached a limit and can no longer be extended or corrected. However, I still keep doing genealogy but have to use a different version of the software but it does not have the capability to produce eBooks. In the future, I may have to change to a different genealogy program that can produce eBooks but I cannot depend on that happening.

All I ask is that you point out the errors and send updates and corrections to the following address:

She was born 04 September 1850 in Lake Ramsay, Lunenburg Co., NS (Source: LDS-FTM.), and died 1932 in Lunenburg Co., NS.

Notes for William John Johnson:

Ref:

1881 Census, New Ross, Chester Twp., Lunenburg Co., NS, Dist 11G, p9, family#37, frame 5/22, age 42, b NB, name: William Johnston, occupation: Labourer, religion: Church of England

1901 Census, Kentville, Kings Co., NS, Dist O, Div 1, p17, family#152, age 52(20 Sept 1848), name: John W., b NB Urban, ancestry is shown as English, occupation: Day Labour, religion: Church of England

Possible date of Death: 6 Sept 1906. This date is pure speculation right now as it was a note by Marg. Seymour and she has no proof what it was for.

NOTE:: This line looks as if it may be based more on speculation then on fact. More research required by anyone making the connection of this John William Johnson, b 20 Sept 1848, to the John Johnson, b 13 June 1848. These two Johnson lines can be summarized as shown below:

	Johnson line in Charlotte Co., NB(Br-01 Johnson):	William John Johnson(Br-02 Johnson)
name of parents:	William and Annabelle Johnson , Johnson	William and Mary
Location of birth:	Rural Charlotte Co., NB , NB	Urban Saint John Co.,
Religion:	Presbyterian ,	Church of England
Y-Chromosome Haplogroup:	Unknown ,	Unknown

Year of birth for William 'John' Johnson seems to vary depending on the following information:

Age at marriage in 1878 was 35 yrs old

1881 Census age was 42

1901 Census, age was 52(20 Sept. 1848)

The only information on the ancestry of this Johnson line is the info from the marriage document which indicated William's parents were William and Mary Johnson.

The following is a suggestion for anyone from this Johnson line wanting to find their lineage. First of all, one must determine from Y-Chromosome DNA test what Haplogroup and the DNA profile for this line. A 37-Marker Y-Chromosome DNA test is suggested as a minimum test for a male with the surname of Johnson who has a direct line back to the earliest known Johnson for this line. Preferably the testing lab should be FTDNA as they have a large number of people in the Johnson surname group that have already been tested. The webpage for this group is the following link. Johnson surname page.

Since William John Johnson had two sons then a male descendant from each one of these two sons should be tested. This is a must to prove that the person being tested is truly a descendants of William John Johnson and this will also give the DNA profile for William John, b 1848. If the two DNA profiles show any mutations then an additional male needs to be tested to prove where the mutation occurred. Care must be taken and not chose anyone who might be illegitimate, adopted, or a NPE(Non-Parental Event: Husband of family is not the biological father of the child).

Results for those already tested are found at: Results. Set page size larger than 2000.

Once a male from this Johnson line has a 37-Marker Y-Chromosome test, then it will be possible to determine

if they have a close match with anyone that has already been tested and from this hopefully determine who their DNA-Cousins are.

Further DNA testing can then be done using the Autosomal DNA approach where male or female descendants of both lines have an Autosomal DNA test to see how much common DNA exists between those tested. The best approach is to try and have people tested who are at the same generation level on both lines so that they are related as 3th-cousins and not 3th cousins once removed. This approach is only suggested after the Y-Chromosome results have shown that the two lines come from a common male ancestor.

What can a person do to add additional information to the ancestry of this line? Searching the census is a complete waste of time as there is no 1851 census for Saint John Parish, Saint John Co., NB. The census only exists for Simonds Parish and St. Martin's Bay Parish of Saint John Co., NB. Even if one did find a Johnson family with the father named William, mother named Mary, and a son by William or John, you would have no proof that you had the correct family. A living male descendant of William John Johnson, b 1848, MUST have a 37-Marker Y-Chromosome DNA test done to establish the DNA profile for this Johnson line as explained above. Once this has been done then if any other Johnson line that might possibly be the ancestral connection must also have a similar Y-Chromosome DNA test done and if the Profiles are very similar then an Autosomal DNA test will need to be done on a person(male or female) of that line. The Autosomal test results for the descendants of William John Johnson, b 1848, has already been done. If there is an autosomal match then the two lines are DNA-cousins unless the proper paper trail connection can be established.

Recent findings as of 2 July 2017:

I found a person whose grandmother had her Family Finder DNA test done and she is from Br-01 Johnson.

Here is the reply that I received:

"Thanks for contacting me. My grandmother has DNA tested and her data is at AncestryDNA, FTDNA and gedmatch. I have identified DNA segments that have come from the Johnsons and some from the Simpsons. It looks like the Johnsons were from Maine and possibly from New Hampshire in previous generations."

Since this person does not appear in your(person tested from this Br-02 Johnson) match-list then your line is not connected to the William Johnson and h/w Annabella Simpson which is Br-01 Johnson. This is the line that both Bud and Wayne have connected your Johnson line to. This connection has now been proven FALSE.

Where do you go now? My suggestion still is the same and that is, you have to know the Y-Chromosome DNA profile for your line. You may still be a DNA-Cousin to Br-01 Johnson but the connection is not at the family that Bud and Wayne had made the connection. To show no match, the two lines would have to be connected further back than 8-9 generations. Your matches show 5th cousin and also 5th cousin- remote which is 8-9 generations. Without knowing who these people are in your Pedigree, you may have matches but cannot recognize them.

You are looking for a needle in a haystack and don't even know which country the haystack is located. How would you ever find the needle!!!!????? When each of these two lines know their Y-Chromosome profile then it is like discovering the country where the haystack is located or maybe even the Province/State/Area but not the exact haystack.

I can use my Krause line as an example as we have done extensive DNA analysis and I still don't know the name of my Great-Grand-father Krause so I just call him Gggf Krause. See the following link for what is known about my Krause connections:

The following note was received from Helen Bryant on 4 May 2006:

The lot for Caroline is unmarked. The Oak Bay Cemetery map has her buried in Block O #7. This I copied from the map. Also in the lot was Robert Peed and a notation across the square saying "David Ricket also in this lot" .I read this at the home of Evelyn Mac Leod in 2000. Evelyn said it was known as the Asa Peed Lot as he bought it. (I believe Asa is buried in Red Beach, Maine) Last year a Mr Brown had the cemetery books.

Notes for Garnett William Eldridge:

Sergeant Garnet Eldridge - Homeport News

After the initial crossing of the Twente Canal on 3 April 1945 by the Royal Regiment of Canada in assault boats, there was a large area between "A" and "D" companies still in the possession of the enemy. Sergeant Eldridge was commanding Number 18 Platoon, and was ordered to move forward to try to contact "A" Company. He moved his platoon as far as a railway crossing where they came under a deadly hail of enemy machine gun fire that was soon thickened by the devastating explosion of many bazooka and mortar bombs. He quickly located the enemy position on a high feature.

Realizing that unless the enemy position was cleaned out our situation on this of the canal would become untenable, Sergeant Eldridge hastily conceived a plan to destroy the enemy. With no concern for his personal safety, he ran from section to section outlining his plan and encouraging the men by his example and words.

When the platoon was ready, he sprang up and led his men over the open fire swept ground to the very muzzles of the enemy machine guns, and bazookas, spraying the enemy position with burst after burst from his Sten gun. Though greatly outnumbered in both men and weapons he pressed forward to practically hand to

hand grips with the enemy, who wavered before this courage and determination and withdrew, leaving many casualties behind.

The position was soon consolidated, but the enemy reformed and mounted continuous counter attacks with heavy mortar and artillery support. These counter attacks had to be beaten off by small arms fire as Battalion support weapons had not had time to cross the canal at this early stage and there were no communications to bring down artillery fire. In spite of these disadvantages, Sergeant Eldridge directed the fire of his platoon with great coolness and succeeded in repelling every enemy attack with heavy losses.

After approximately two hours another Company crossed the canal and the whole bridgehead was firmly consolidated. Throughout this entire action the courage, resourcefulness and fine leadership of Sergeant Eldridge was an inspiration to his men and was largely instrumental in the successful establishment of the bridgehead across the "Twente Canal."

Notes for Margaret Joyce Marie Johnson:
McARTHUR, Margaret Joyce Marie

Joyce passed away August 24, 2016. She was one of eight children born to Wilbert and Ethel (Cleghorn)

Johnson, August 4, 1931, at Lawrence Station, NB.

Her family home remained one of her favourite places to visit, and spending time with her there was always one filled with stories of the people who passed through its doors and lived under its roof. To say it held a piece of her heart is an understatement. She loved to laugh and to have her children with her for all the special occasions of the year. The travel adventures she took with Jocelyn, Alison and Gart were fertile ground for all sorts of tales, tall and otherwise! Garth provided the support she needed as her physical limitations increased, and nothing could brighten up her day more than Richard's appearance at the door. She loved her life, and although it held many challenges, such as the raising of a young family by herself, she was always able to keep her sense of humour.

Joyce was predeceased by her young son James, in 1959, her husband, Alexander Andrew McArthur, in 1965 and her dear companion Frank Wilson in 1987. She is survived by her children Alison McArthur (Gart Bishop) of Apohaqui, Jocelyn Searle (Ron) of Bloomfield, Garth McArthur of Saint John and Richard McArthur of Bloomfield, her beloved granddaughter Halie, two of her siblings, Wilberta Topple of Fredericton and Jean Patterson of Harvey Station, and many nieces and nephews.

The family wishes to express its heartfelt thanks to Joyce's doctors, and the staff and volunteers at Bobby's Hospice. At her request, there will not be visitation or a funeral. Internment at Brockway Cemetery will occur at a later date.

Arrangements are under the care and direction of Kennebecasis Community Funeral Home, 152 Pettingill Road, Quispamsis (506-849-2119). Donations can be made to Bobby's Hospice or a charity of the donor's choice. Online condolences may be placed at www.kennebecasisfh.com.

Notes for Jerome 'Jerry' Manuel:

Jerome "Jerry" Manuel

March 12, 1940 - August 29, 2018

It is with great sadness that the family of Jerome "Jerry" Manuel announces his passing on Wednesday, August 29, 2018 at the Saint John Regional Hospital at the age of 78 years. Jerry will be lovingly remembered by his wife of 54 years Joan (Francis), his children, Beth Blanchard (Marc) and Ron (Lisa), his precious grandchildren: Meghan, Connor, Sophie and Kate, and his brother and best friend

Al (Janet).

Jerry truly loved his profession as a biology teacher at SSHS for over 30 years. Sitting on his front porch in his "B" cap listening to the Red Sox was where Jerry could be found on nice evenings, always with a wave or a chat to passersby. Most of all, Jerry loved his family, especially his grandchildren who were the light of his life and he will live in their hearts forever.

In keeping with Jerry's wishes, there will be no funeral service. Family, friends, former students and others whose lives Jerry touched are invited to The S.O. Mehan and Son Funeral Home Ltd., 23 Main Street, St. Stephen, NB. on Sunday September 2, 2018 from 1-5 pm to drop in and share stories and memories.

For those who wish, remembrances to the IWK or a charity of one's choice would be appreciated. In recognition of the altruistic manner by which Jerry lived his life, the family requests performances of random acts of kindness for those in need.

In lieu of flowers donations to the Living Memorial Program would be appreciated by the family.

Online condolences to the family or donations can be made at www.humphreysfh.com
