Obituary for Melita Krause

Our dear Mother, Grandmother, and Oma passed peacefully from this life on Wednesday, May 14th, 2014 after a brief stay at Carmel (St. Joseph's) Hospice. The last few weeks of her life showed the same pragmatic determination and quiet grace with which she lived her entire life. She found life as a farm girl and wife challenging but rewarding. She had no regrets, excepting one which she shared. In her words, "I went to school for eight years and couldn't continue to the next level because that school was 10 miles away. If the opportunity had been there I would have been a teacher (and a good one!). I decided that if I had children they would go for higher education if they wanted. They all fulfilled my dreams." She instilled in her children a love of learning, a love of life, and the "common sense gene" which she had in abundance. She is survived by four children, Peggy (Michael) Hansen, Dorothy (Marvin) Bender, both of Medicine Hat, Richard (Sherry) Krause

Socializing and Volunteering played a large and important part of her life. She dedicated countless enjoyable hours to the Ladies Club in Hilda, the Post and Veiner Center in Medicine Hat in addition to the Ladies Aid and LWML at St. Paul Lutheran. The Wednesday coffee ladies were a cherished circle of friends who began meeting in the 1970s. As well she made many new friends after moving to the Chinook Village in 2004. She was predeceased by her loving husband, Gustave Christian in September 2001; her parents, Alexander and Annetta (Dewald) Bauer; siblings, Fred (Irene) Bauer, Frieda (Louie) March, Martha (Reinhold) Krause, and Lilly (Jack) Leismeister; sister-in-law, Freda (Stan) Moore; brother-in-law, Otto Scheifele; and great-granddaughter, Sophia Stein. Obituary for Richard Krause
Richard Donald Krause
January 18, 1946 - October 25, 2016

It is with deep sadness that we announce the passing of Richard Krause on Tuesday, October 25th, 2016 at the age of 70.

Richard's life took root in the love of a family, living on a dryland farm and ranch west of Hilda in the southeastern part of Alberta. Two older sisters and a little brother completed the immediate family, ten "double cousins" on farms within 5 miles, more younger cousins added made for a very intense and wonderful growing up experience. The family unit included everyone - Christmas dinners for 30 and more were produced and devoured in the farm kitchens. Richard never lost sight of this family unit. He was steeped in love for every person and communicated that love to us all throughout and in his last days.

Grade 1 was a one room schoolhouse on the bald prairie, getting there on a horse-drawn cart with his older sister driving. (Richard had to start school at 4 years or the school would have closed). The church that the family attended was a few miles the other direction, where family and neighbours gathered in faith.

In his childhood, the barn on the family farm was a great place to play, explore and have fun. The building was unique - built into an excavated knoll with a "drive in" loft, the lower building housing milk cows and work horses. The loft was filled with fragrant straw, hay and oats. Many hours of fun and mischief originated there. Richard spoke of often dreaming of it.

Growing up in Hilda, Alberta instilled in Richard a love for the outdoors and driving tractors. He was always one of the first to have the latest in technology and gadgets. He loved new toys and to tinker in his shop.

Richard enjoyed taking long walks in the woods near his home. He had a fantastic dry wit and a great laugh ... he loved to have fun and had the best sense of humour. Richard put everyone first, was selfless and preferred to work shoulder to shoulder together with others. At the lab he treasured the privilege of working closely with everyone every day. He helped both his sons with work around their house and renos, always making sure things actually got done! Richard loved sports, especially baseball and any sport that involved his children and grandchildren.

Richard and Sherry met at the University of Alberta while they were grad students together in pharmacy. Richard was Sherry's instructor but it was hard to hide their relationship! Seeing Richard riding his horse Dandy, wearing a big cowboy hat with a rope in hand sealed the deal on their marriage proposal. Sherry almost reversed her decision to marry Richard when she saw his mom dispensing of a rattlesnake on the front step, but she just couldn't resist Richard, and so began a truly loving relationship that spanned over 47 years and remains in their hearts still.

Richard was a very educated man. He received a BSc and MSc in Pharmacy, a PhD in Analytical Chemistry, a Post doctorate in Clinical Chemistry at Ohio State University and was a Diplomate of the American Board of Clinical Chemistry (DABCC). Richard was a Clinical Assistant Professor of Pathology & Laboratory Medicine at the University of Calgary. Dr. Richard Donald Krause was a clinical chemist at Calgary Laboratory Services (CLS) and clinical assistant professor in the Department of Pathology and Laboratory Medicine at the Cumming School of Medicine at the University of Calgary. As a clinical chemist, he played a key role in quality control and assurance for chemistry tests across the Calgary zone and surrounding rural areas, overseeing a high volume medical laboratory, and working with clinicians for test interpretation and patient care. He contributed his expertise for maternal-fetal medicine and prenatal screening in Alberta including the early risk assessment program for first and second trimester screening, and collaborating with the PEGASUS (PErsonalized Genomics for prenatal Aneuploidy Screening USing maternal blood) study, which is a large multicenter Canadian clinical trial which will validate the performance and utility new genomic technologies for screening for major fetal chromosome imbalances in pregnant women using maternal blood. In addition, he was instrumental in initiating new reporting and

Dr. Krause served as section chief of Clinical Biochemistry at CLS in the past and was an active faculty member of the clinical chemistry fellowship program at Calgary Laboratory Services. He was a kind and thoughtful mentor to many residents in pathology and endocrinology, fellows in clinical chemistry, as well as to junior faculty members. His door was always open and he used his gift of generosity and wisdom for mutual collaborations and consultations for service-related issues for all CLS staff. Dr. Krause served as an executive member in multiple societies including the Alberta Society of Clinical Chemists and the Alberta Association of Clinical Laboratory Doctoral Scientists. He was a dedicated member of the American Association for Clinical Chemistry (AACC), never missing an annual meeting in his 41 years of service, and the Canadian Society of Clinical Chemists (CSCC). Dr. Krause will be deeply missed for his love and dedication to the field of clinical chemistry and for his gentle character to his colleagues and loved ones.

Richard was a fun loving grandpa who cherished moments with his three grandsons. He loved to play and spend time with them and will forever be remembered for his love and dedication to them. Richard was proud of how his boys grew up into such fine men and fathers. He was loving, kind and gentle, and had a quiet strength. Richard was a devoted husband, and will forever be Sherry's best friend. "No distance separated us in this life, our love will live on in eternity!"

Richard will be forever loved and remembered by his wife Sherry; sons Matthew (Christina) and Daniel (Jordan); grandchildren James, Hayden and Jackson; sisters Peggy (Michael) Hansen and Dorothy (Marvin) Bender; brother Gordon (Sandy) Krause; as well as numerous extended family members. He will be missed dearly by all who knew him.
