Attention: Colonel S. W. Constant

My dear Sir:

Reference is made to your letter of November 4, 1944, your file SP011, Agent: JFW-MY, Case No. 311478, concerning KARN, Heinz M.

The records of this Service disclose that Heinz Moritz Karn filed a petition for naturalization in the United States District Court, Charlotte, North Carolina, on March 5, 1943, under Section 701 of the Nationality Act of 1940, he having entered the United States Army on July 1, 1942, Serial No. 32355359.

The petition recites that the petitioner, who at the time of his enlistment was residing at 815 West 180th Street, New York, New York, was born in Oberingelheim, Germany, on February 26, 1912; that he was lawfully admitted to the United States for permanent residence at New York, New York, on October 9, 1936, via the SS. "Statendam"; that he was not married and had no children.

Heinz Moritz Karn was naturalized in the United States District Court, Charlotte, North Carolina, on April 5, 1943, and Certificate of Naturalization No. 5826738 was issued to him.

Sincerely yours,

Joseph Savoretti

IMMIGRATION AND NATURALIZATION SERVICE

## Procedure for Obtaining Information From Immigration and Naturalization Records

1. The records of this Service are held to be confidential. However, information from the records may be furnished in the discretion of the Commissioner of Immigration and Naturalization, Philadelphia, Pa., where not prejudicial to the Government or the public interest. Persons, except Government officials, desiring such information must submit sworn application setting forth: (1) their interest, (2) the reason the information is desired, and (3) the purpose for which it is to be used, with such other evidence as the Commissioner of Immigration and Naturalization may require. The Alien Registration Act provides that all registration and fingerprint records made under the provisions of that Act shall be secret and confidential and shall be made available only to such persons or agencies as may be designated by the Commissioner of Immigration and Naturalization with the approval of the Attorney General. Existing law and regulations require payment of a minimum fee of fifty cents (\$0.50), for furnishing information from official records of the Service to be permitted by postal money order, payable to the Commissioner of Immigration and Naturalization, Washington, D. C.

2. Records prior to July 1, 1924, of arriving aliens are kept at the various ports of entry and not in the Central Office. To locate such a record it is usually necessary to have complete information as to the name under which the person was admitted with exact spelling and month and year of entry, name of the steamship, and port of arrival. It is especially necessary that such information be furnished if entry occurred prior to July 1, 1902. Records of arrivals at New York prior to June 15, 1894, are on file in The National Archives, Washington, D. C., and communications concerning information desired from such records should be addressed to that agency and not to the Immigration and Naturalization Service. It will be of assistance in locating records of early arrivals to show the nationality of the persons concerned and the name of the ports from which they embarked for the United States. Records of entry on the Canadian border, prior to 1903, and on the Mexican border, prior to 1908, are not available. Records of departing aliens are on file only at the ports of departure and usually do not antedate March 1, 1929. It is necessary to know the port, name of the steamship, and date of departure in order to locate such a record.

3. Immigration records of arrivals prior to July 1, 1924, do not show the date of birth of the person concerned but merely the age as stated at the time of arrival. Subsequent to June 30, 1924, dates of birth are shown only in certain records relating to admissions for permanent residence.

4. An alien resident of the United States (other than one eligible to citizenship) who desires an American consul to be furnished with information as to his lawful admission to this country for permanent residence, for use in connection with the application of a relative for an immigration visa under the Immigration Act of 1924, as amended, may execute Form I-475 (old Form 575). Such forms may be obtained from any office of the Immigration and Naturalization Service, or from the Commissioner of Immigration and Naturalization, Philadelphia, Pa. The form should be made out and filed in strict accordance with the instructions thereon.

5. It is generally necessary in order to locate and identify a naturalization record to have the name and location of the court in which naturalization was granted and the approximate date of naturalization and some identifying information, such as date and place of birth and, if married, name of husband or wife and names of children. Information as to the name and location of the court in which admitted to citizenship, or at least information as to the places of residence in the United States of the person concerned and the dates between which he resided in each place, is absolutely necessary if the naturalization occurred prior to September 27, 1906, as the only records of persons naturalized prior to that date are those on file in the respective courts.

6. Persons who desire information from the records for use in immigration or naturalization applications should execute to the best of their ability the appropriate application form which may be obtained from any field office of the Immigration and Naturalization Service, from the Commissioner of Immigration and Naturalization, Philadelphia, Pa., or, in the case of naturalization applications, from clerks of naturalization courts. The Immigration and Naturalization Service does not furnish information from its records for use in executing applications; however, appropriate searches are conducted upon the basis of information furnished in applications which have been executed as completely as possible and submitted to the Service.

7. Persons desiring verification of citizenship, age, or legal residence in the United States, or use in applying for old-age pension or public assistance of any kind should communicate with the nearest office of the Immigration and Naturalization Service. Form G-76 may be used in such cases without being sworn to.
