

**Index to Table of Contents for
The East Kentuckian**

This is an Index to the table of contents for "The East Kentuckian" published by Clayton Cox 1979 - 1995. Index was created and started in 1985 by Copyright the process © Annette DeCourcy Towler. Clayton said he would not do an index for his quarterly, so I created my own file.

The titles are not exactly as they appear in the original Table of Contents. This was created to be user friendly for a locations and a names index. Added index from vol 3 published in 1967. From the CD, sold on the e bay.
