Newsletter Back to the Presses!!

Thank You Karen Walker

As everyone knows, Karen has edited our newsletter for several years now, and she has done a great job. As her children get older and she finds she must spend more time with her family, she can barely find enough time to do one newsletter a year. I have volunteered to take over the Newsletter and make it a regular publication. It will also be advertized in the Everton's Genealogical helper in the annual Newsletter section, and I will advertize it on the Evilsizer Web Site at <http://members.aol.com/Evilsizer3/>

I plan on 4 issues each year and will be requesting a subscription fee of \$5.00 annually. This will cover the cost of the supplies and postage. Any of you who subscribe to other publications know this is a GREAT deal, as most of them charge \$10-\$18.

I know there is someone out there that may have a clue to the missing link in our ancestry. I have found so many new cousins on-line thanks to the Internet.

Each addition will have new information, clues, and unknown families as we try to connect them to the tree. If you wish to continue receiving the Evilsizer Newsletter, please send your subscription to me at my address listed below.

We will be on a 30 trip during the month of May, so I hope to get first issue out when I return. Look for it July 1st

OI' JAKOB

As we know, there has been an unsubstantiated rumor for over 30 years that Jacob was a Hessian Soldier from Germany. I still run across Evilsizer's who believe this and say it was passed down through their family lore. Thanks to hard work from Flossie and Bob Hulsizer and Sharon Durels, we have proved **BEYOND A SHADOW OF A DOUBT**, that Jacob the Hessian Soldier returned to Germany, married a woman named Anne Elizabeth, had several children and died in 1813 in Germany. His brother (or Cousin), John also returned to Germany. We find this documentation in the German records.

We now need to get on the trail again and try to find the real Jacob. Maybe this newsletter will help with some new clues.

FOOD FOR THOUGHT

Don't forget the **FIRST** spelling found on the tax rolls was **Jacob Evelsheimer**, 1779 Berks Co, PA

A List of men aboard the Ship "NEPTUNE", George Smith, Master, from Rotterdam (Qualified October 7, 1755)

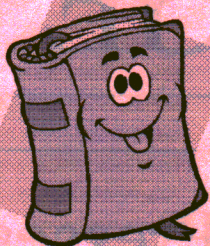

LIST A-Johannes Herbsheyser
Bernhard Eygelsheymer
LIST B Johannes Erbsfuser
Bernahad (X) Eilsamer
LIST C Johannes Erbschuser
Bernhart (X) Eilsheimer

List A is recorded on board ship by the Captain and Lists B&C were the oaths signed at the courthouse. Probably two clerks on duty, hence list C.

EVILSIZER BOOK BEING PUBLISHED

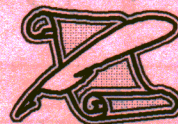

I have been working on my book "Evil In The Barn" for the past five years. My goal was to try and connect all of the descendants of Jacob right down to the ones alive today. I have made outstanding progress and I hope to take it to the printers this year.

PLEASE, I am asking EVERYONE to send me your family sheets, or your direct descendant chart. I have recently found the lineage for many persons who did not know how they connected. I want EVERYONE to be included in this great book. It is already over 1000 pages.

You may also research your lines on my site at Family Tree maker. The Url is <http://www.familytreemaker.com/users/k/o/s/Sandi-J-Koscak/> I have some pictures also on this web site. Another site where everyone is indexed is <http://genweb.net/gedcom/Evilsize/Evilsize.html>
