Charles William Franklin (born 21 June 1894; died 14 Feb 1988 near Zavalla, Angelina County, Texas, buried in the Zavalla Cemetery). He was the second son of William Plumer Franklin, Jr. and Phebe Snider.

Charles "Charlie" married Lula Benton 26 Sept 1911 in Nacogdoches County, Texas. Lula (born 24 May 1890; died 14 Jun 1934 Nacogdoches County, Texas; buried: Manning Cemetery, Angelina County, Texas. ) She was the daughter of Thomas H. Benton and Josephine (Grimes) Benton.

After their marriage, Charlie worked as a foreman for the Carter Kelly Lumber Company, in Manning, Texas. He also worked for the Cotton Belt Railroad in Sturges, Texas in early 1900 before moving back to Lufkin where he graded lumber for the Keltys Lumber Company. He accepted a promotion for the Frost Johnson Lumber Company in Nacogdoches where four of their children attended school.

The family moved temporarily to Jacksonville, Cherokee County, Texas where Charlie was employed as a bridge foreman. After completion the family returned to Nacogdoches where he was a yard foreman for J. E. Stone Lumber Company.

Many of their descendants remain in the Angelina County, and Nacogdoches County, Texas area.

## Editors Message

Hello FFRU members. It seems like I have been around the world since our last quarterly. There has been a “big” change in my life, not quite as drastic as going around the world, but still a drastic one for me.

In June 94 while my husband and I were on vacation we were searching for property in the Big East Texas Area where we were raised... and found, not only the property but a job that offered us the opportunity of relocating here immediately instead of the “two years down the road” as we had anticipated. So here we are. We moved the week before Christmas and it has been non-stop every since that time.

With a new job, new neighbors, a new home, etc., I am just now beginning to focus back on my favorite hobby, genealogy. If you have not received prompt answers of late this is the reason. My mail has finally started to arrive with my new address and if you failed to make note of it, my new address is 736 Dogwood St., Jasper, TX 75951 (409) 384-3954.

Franklin researchers have continued to keep up with me even through all the move and we have found new members. An update of our membership list is:

## A Few Hints

Taken from *The Family Tree*, The Odom Library, PO Box 1110, Moultrie, GA 31776-1110. Anyone who wishes to receive this publication, *The Family Tree*, may write the above address and it will be mailed to you free of charge.

A hint for mailing from the *Valley Genealogist*, the publication of the Hemit-San Jacinto Genealogical Society: If you know the town and state, but not the address, a letter addressed, leaving room for street and number of box number, enclosed in an envelope addressed to the Post Master in that town, with a couple of dollars, will be delivered and you will be sent the address along with a receipt for the money. Thanks to Golden Roots via Paradise GS via Gas Lites and the *Valley Genealogist*.

The word "nephew" is a derivative of the Latin word "nepos", which is literally translated to mean "grandson". When researching old documents such as wills and deeds, the genealogist should be aware that there are many variations in the meanings of some of today's common words. In this case, a nephew could mean a man's grandson. Also, the terms "Junior" and "Senior" in early records, do not always signify a relationship, and a careful researcher should always be aware of the earlier meanings of these two terms. They were usually used in conjunction with each other and usually signified an older man and a younger man of the same name, possibly (but not necessarily) residing in the same town at the same time. The researcher should also be aware that the term "tertius" after a name, is a Latin term that means "the third", as in the third person of this name in a town or area. Thanks to Sawdust City Roots, Genealogical Research Society of Eau Claire, via the Watertown Genealogical Society and Wiinebago and Boone Counties Genealogical Society.

The state of Louisiana is beginning a genealogical surname index. You can add names to the index or get information from it by writing to Louisiana State Archives, PO Box 94125, Baton Rouge, LA 70804-0125.

If a revenue stamp is found on the back of a tintype or the words "carte de visite" on a photograph, it means it was taken at the time of the Civil War, when photographs were taxed. Thanks to the BDGS-Bureau Co., Illinois Genealogical Society and the Madison County Genealogical Society Newsletter.

## Thomas Franklin Bible Records

The following was submitted by Whitman N. Till, Rt 3, Box 141, Lurvrne, AL 36049 July 1993 (member #052). This Bible Record was published in *Family Puzzlers*, 16 Mar 1978 #543 pg 18. Mr. Willard Heiss, 4828 N. Illinois, Indianapolis, IN 46208 contributed a xerox copy of family record pages taken from a Bible of an Alabama Family. These pages are now in the custody of a student of Heiss' genealogy class, John M. Sparks, 4300 Westbourne Drive, Indianapolis, IN.

No information on the Bible published or copyright date was seen. All spelling and punctuation is transcribed as it appeared in the family record page. Page are tattered on margins, but no writing has been lost.

## Genealogical Conglomeration

From *Cracker Crumbs*, a publication of the Genealogical Society of Greater Miami.

To find the exact location of your ancestor's homesteaded property write the Civil Archives Division of the National Archives and Records Services, GSA, Washington, DC 20409 to learn if your state is one of the seven states where homestead records were cross indexed by the landowner's name. If you have an ancestor who acquired land under 1862 Homestead Act, or bought land from the government, his application will be on file. The files include a four page questionnaire filled out by the homesteader listing names of family members and other personal information.

## Bureau of Land Management

Before the homesteaders, soldiers, and other patentees received their patent, some government paperwork had to be done. Homesteaders had to file applications, witnesses had to testify that the homesteader had actually lived on the land, and those purchasing the land were issued receipts. These documents are on file at the National Archives.

The National Archives welcomes researchers to use both original and microfilmed records. The reference staff can help you to plan your research and to locate and understand records. If you are unable to visit the National Archives, or its regional archives, you may obtain copies of documents through the mail.

Case file information about the patents can be obtained by writing to: Mrs. George Brasher, Assistant Branch Chief, Suitland Reference Branch, National Archives and Records Administration, Washington, DC 20408.

The Bureau of Land Management built this data base from information contained on the original copy of the land patent/certificate/document maintained by the Secretary of the Interior. The records are stored and maintained by the BLM Eastern States, 7450 Boston Blvd., Springfield, VA 22153.

Accession number = an alpha-numeric code unique to each document that directly relates a document image to the original hardcopy document. Identifies the state, volume number, and page of the original GLO document. This item is also referred to as the Document Reference ID. An example: FL301\_\_\_.023, which identifies a Florida document found in Volume 301, page 23.

Document Image = An electronic "picture" of the original land document that has been preserved on optical disk and that can be shared by several people at the same time.

Document Number = The primary identification number given to the original GLO document. A certificate number, warrant number, serial number, or patent number may be used as the Document number.

Land Office = Name of a location (usually a city or town) where the General Land Office established a district Land Office to handle various land transactions. Patents that were issued were bound into volumes by Land Office names. Usually, several Land Offices existed for each state.

Miscellaneous Document Number = A secondary identification number found on the original GLO document. An application number, Choctaw certificate number, or survey number may be used as a Miscellaneous Document Number. Not all documents have a Miscellaneous Document Number (e. g. Cash Entry patents).

Patentee Name = The first name of the person (i. e., Patentee) that received the document as it appears on the certificate.

Title Transfer Authority = Refers to the Congressional Act or Treaty that supports the transfer of land from the United States Government to private owners. A set of 6-digit authority codes are used to identify the various types of land documents. These codes are derived from the chapters in the Federal Code of Regulations established for the various authorities. An example is Authority Code 251101 which denotes the Homestead Act of 1862 (as amended).

Total Acres = The total number of acres described on a land document. For those documents that have more than one parcel of land described, Total Acres is zero for all land descriptions except for the last one. In this case, the last land description will contain the total acreage for all pieces of land on the document. This is number is expressed to the nearest thousandths of an acre.

My husband's great-great grandmother, Amanda Franklin, born 1828 in Alabama or Mississippi, was the second wife of Beverly Franklin. Their first child was born 1850 in Mississippi or Arkansas so would assume they married about 1849. The Lauderdale County, Tennessee Marriages Book A 1838-1850 shows a marriage between Beverly Franklin and Ann Maria Novels on 26 May 1848. Was this in fact Amanda? The family lived in Stone County and IZARD County, Arkansas. It is believed that Beverly lived in Tennessee with his first wife. Several young Franklins appear on the 1860 IZARD County, Arkansas census, all born in Tennessee. They may have been Beverly's by his first marriage. Does anyone know Amanda's maiden name? Or anything about Beverly's first marriage: who, when, where?

Chesterfield Franklin of Orange County, North Carolina and his wife Temperance Carver married in 1832. My Franklin ancestors are believed to have been in Orange County, North Carolina in 1832; 1840 to 1850 in Floyd County, Georgia and in Bienville Parish, Louisiana in Dec 1850 until about 1860.

According to documentation through the General Land Office in Monroe, Louisiana 16 Dec 1850; Theodrick Franklin "of Floyd County, Georgia" assignee of Nok-A-Man-Che-ha-be the representative of Nee-Chubbee, deceased. Choctaw Certificate No. 718B; 160 acres of land was surrendered to Theodrick Frank-

lin. Later land records (1852 and 1853) refers to a Theodrick Franklin of Bienville Parish, Louisiana. It is believe that by 1860 Theodrick was dead.

If anyone has any information of Franklins in Floyd County, Georgia and Bienville Parish, Louisiana. please contact me.

Seeking information on R. W. Lewis Franklin (born 1755, Norfolk, Virginia). He fought in the Revolutionary War and was married to Millie Stone. I am looking for information on his son Jeremiah Franklin (born 1801, Henry County, Virginia and Jeremiah's daughter Tobitha Franklin Spencer.

Ester Franklin (born July 1820 Pennsylvania; died 17 May 1907 Moberly, Randolph County, Missouri) married 8 Oct 1837 to Henry D. Guile. The family reports that Guile died 1858-1880 in Springfield, Illinois. In 1880 the family was in Pike County, Missouri; 1900 in Randolph County, Missouri.

The family has no idea where Henry Guile is from and I haven't been able to locate his family.

The 1900 Sugar Creek, Randolph, Missouri Census records Esther age 79 born Pennsylvania living with her son George D. Guile.

I am interested in my greatgrandfather, Albert Washington Franklin, and his family, particularly Bettie Ann White. Albert Washington Franklin (born 29 Aug 1845; died 10 Sept 1927 North Collins, New York) married Bettie Ann White on 15 Nov 1865.

According to information taken from a book on *The Franklins* by Dorothy Raymour I have Albert Washington Franklin as the son of Asa Franklin, II and Fanny Standlift; Asa, II as the son of Asa Franklin and Roxanna Chapman; Asa I as son of James F. (born 1753; died 1843 Leon, New York and ??; James as son of Ichabod Franklin and Hannah Andrews; Ichabod as son of James (born 1682; died 1765) and Martha Ormsby; James as son of James and ?.

If you are researching any of these lines, please contact me.
