About the Cover

by Ruth Jones-Jorgenson <RuthieJ@ix.netcom.com>

Elizabeth "Elsie" Franklin, my third great grandmother, was born September 24, 1767, Swansea, Bristol County, Massachusetts, the daughter of Lemuel Franklin & Sarah Barney. Elsie married Thomas Look. Elsie died after 1850 in Steuben County, New York. This photo was originally a tintype and not in the best condition when I inherited it. I feel very fortunate, however, to have a picture of a grandmother who was born more than 200 years ago.

Since 1970 I have searched for the identity of this Grandmother. A "reliable" source sent me in the wrong direction. But the mystery of it all was exciting and I learned a great deal of history during the hunt! In the Spring of 1999 I was lead to believe that Grandma Look is the daughter of Lemuel Franklin, not Bildad Franklin as the family has believed since 1942. There are indeed three men named "Bildad" in the life of Elsie, one was her brother and there were two nephews sharing the Bildad name. Family tradition and a variety of published books say that Elsie was the niece of Dr. Benjamin Franklin, the Statesman. Therefore, I have spent many years trying to prove that one of Benjamin's many brothers was her ancestor. By the process of elimination, it appears that she was not a descendant of The Statesman; perhaps a distant cousin, but that is yet to be proven.

Editor's Message

My first year as editor has come to an end. The job was somewhat more time-consuming than I had thought, but not too arduous. With this issue, I have "authored" my first research project for FFRU, *Easom DeKalb Franklin and Martha Ann (Talbert) Franklin*, bringing together the work of several researchers, whose contact information is listed in order to facilitate further research.

I'm going to talk about money here. It is not that I consider it important, rather, I have an obligation to you, my subscribers, to report the state of finances and how your money has been spent.

What came as the biggest surprise were the expenses. Just a few years ago I had a very good friend who owned a print shop. He has moved away, and with him my super-cheap printing. I finally found a discount photocopy shop which is nearly as cheap. However, postage was a truly rude shock. In 1998 the USPS "simplified" postal regulations, eliminating the special book rate and making the bulk mailing rules for printed material somewhat ambiguous. My local post office has not been willing to even read their own rules regarding this, despite the fact that I have received a favorable ruling from the main post office, which they also refuse to consider. Anyway what all this means is that postage is pretty expensive, and so far it has been a big hassle. At least the people there have been pleasant - they just don't want to let me have the appropriate rate. This increases the costs of each mailing by approximately \$75.00.

| | Category | Amt |
|--|---|-----------------------|
| | Income | 950.00 |
| | Expenses | |
| | Photocopying | <742.39> |
| | Backissues from Elaine | <150.00> |
| | Postage | <285.05> |
| | Misc, advertising, bank fees, sales tax | <173.57> |
| | Total | <401.01> |

A loss of slightly over \$400... Well, it's been a learning and building year. In addition, I have an "inventory" of \$385.87 in backissues (mostly printing overruns on vols 24-27) and a few dozen stamps, so things will eventually work out, but I will not be able to invest in new materials for the FFRU library in the near future... This will not be a problem. At my work, the Genealogy Club has invested several thousand dollars in various source materials, some of which are quite helpful on the Franklin lines. I'll be writing more on this in future issues. In addition I have several years' worth of research material just waiting to be published. Yet again, in addition, Elaine has some materials that she has promised to send some time, so there is a great deal of material for this publication!

Franklin

Organized January 1991

Purpose:

- To unite & assist those researching the Surname of Franklin
- To publish a quarterly consisting of Franklin Research in January, April, July & October.
- To maintain a computer database of the Franklin Surname and allied lines for the assistance of Franklin Family Researchers United members.
- To provide focus reports, pedigree charts & family group sheets of computer databases (which consists of 200, 000 Franklin & allied names) free of charge to FFRU members. These reports are provided for nonmembers for \$5.00 per search plus 10¢ per hardcopy page. All search fees will be used to purchase source materials for the benefit of all FFRU members.
- To encourage all members to submit any well-documented Franklin research for publication.
- To encourage all members to submit pedigree charts, family group sheets and any other materials that will assist us in maintaining and updating our computer database.
- To solicit unlimited queries from members as well as non- members. These queries will be published, at the discretion of the editors, free of charge and must have a Franklin connection.
- To encourage members to submit family publications (or any other books deemed of interest to other members) for review in our quarterlies. Books submitted for review become a part of FFRU Library after being reviewed.

Regarding conflicting information, I will be unable to arbitrate disputes. The single best way to resolve them is by collaboration and sharing of source documents. Researchers can then weigh the facts and present their reasoning and conclusions. This is a very important function of this group.

Easom DeKalb Franklin and Martha Ann (Talbert) Franklin

Submitted by David Franklin <franklind@winthrop.edu>. Much information was also contributed by Leatha A Betts <jlabetts@burgoyne.com>

Philemon Franklin and wife Sarah owned land in Wilkes County, Georgia, and Elbert County, Georgia. During the 1760's. Their son Daniel Franklin also owned land there 1770's. Daniel Franklin received land in the 1805 Land Lottery in Baldwin County, Georgia. There is some speculation that perhaps Daniel was Easom Dekalb Franklin's father and Philemon was his grandfather... Another son of Philemon, David Franklin, who bought land in Baldwin County, Georgia from Wilkes County, Georgia in 1790's, this David is another possible father of Easom Dekalb Franklin.

Easom DeKalb Franklin, born circa 1780 Elbert County, Georgia; died 1841 in Georgia. He married (1) on 19 Jul 1809 in Baldwin County, Georgia, Martha Ann Talbert, born 1780 in Georgia; died 1832 She was the daughter of Benjamin Talbert. Their marriage was performed by Justice of the Peace, Jesse Talbert (he was her father's, i.e. Benjamin's, cousin.) Benjamin Talbert applied for pension for serving in Revolutionary War as a Continental soldier in Virginia applied for pension in 1833 in Baldwin County, Georgia.

One source has Easom DeKalb Franklin born 1770 in Virginia. This would mean that he was about 37 when he married for the first time and 54 when he married the second time.

Easom DeKalb Franklin married (2) on 16 Mar 1834 in Thomas County, Georgia, Lydia Sutton Howard Franklin, born 1807; died 1911 in Anacoco, Vernon Parrish Louisiana. Lydia was the widow of Edward Lemuel Howard, prior to her marriage to Easom DeKalb Franklin. One source also listed her name as "Lydia Stafford Howard."

In 1807 Easom DeKalb Franklin received land in a lottery in Elbert County and one in Hancock County next door to Baldwin. In 1821 in a land lottery, Easom D. Franklin of Baldwin County won two land lotteries in Henry County, Georgia. Easom DeKalb Franklin bought land 30 Sep 1831 in Houston County, Georgia which later divided and became Thomas County, Georgia. Easom DeKalb Franklin served in War of 1812 in Tennessee, before coming back in living in Hancock County, Georgia, and Liberty County, Florida.

Obituary - Julia Franklin Shoenberger

Submitted by Melissa Chance <JARDREA@aol.com>. Copied from newspaper clipping received December 1994. Possibly Mound City, Ill newspaper.

Julia Shoenberger Dies Unexpectedly

Former Resident Suffered Heart Attack While On Visit

Mrs. Julia Shoenberger, 80, who left Mound City two weeks ago Sunday to spend the winter with her daughter, Mrs. John Meikle, at Piper City, Ill., died there unexpectedly Sunday, from a heart attack. On her last day in Mound City, Mrs. Shoenberger attended the Methodist Church and bade good-bye to her friends for a short time. Her passing comes as a shock to the community.

She was born in Terre Haute, Ind. February 22, 1861, a daughter of Benjamin Franklin, who was a descendant of the Benjamin Franklin who experimented with kites and lightning and later founded the Saturday Evening Post.¹

1. Editor's Note: No evidence has been found to corroborate this.

On April 17, 1877 she married Geo. Shoenberger at Meyersville, Ill., and soon thereafter the young couple moved to White Cloude, Kansas, where they resided for the remainder of their lives with exception of a few years spent in Holt County, while Mr. Shoenberger operated a mill and elevator, hardware store and implement business in Fortescue some 54 years ago. During the time her husband was engaged in business in Fortescue, Mrs. Shoenberger organized the first Methodist Sunday School at Fortescue. There was no church there at the time. She became the superintendent of the Sunday School and from the impetus she gave the community the present Methodist church grew.

Later they moved to Mound City and lived here a while, then went back to White Cloude. She is survived by 5 daughters: Mrs. Frank Crouse, Mound City; Mrs. Morris Bingman of Highland Kansas; Mrs. E.L. Troxell, Hays Kansas; Mrs. John Meikle, Piper Ill; and Orpha of the home; one son, B.H. Shoenberger, of Junction City Kansas one sister, Mrs. Robert Young, Tacoma Ill, all of whom attended the funeral with exception of the sister, Mrs. Young, who was ill.

Her husband preceded her in death, March 17, 1935.

The funeral service was held Wednesday, Jan, 17, 1940 in Community Church, at White Cloude, Kans., conducted by Dr. Loyal I. Young. Supt. of schools G. Frank Smith, Oregon MO., sang 'Sunrise Tomorrow.' Another special number was rendered by a quartet composed of the president of Highland Kansas Collage and his wife and the pastor of Presbyterian Church, Highland, and his wife. Interment was in Olive Branch cemetery.

Blockages

By Jeff Scism, Flockmaster <scismgenie@juno.com> International Black Sheep Society of Genealogists <<http://homepages.rootsweb.com/~blksheep/>>. (I saw this in Missing Links Vol 4 Number 40. Used with permission from Jeff - ed.)

Many times in your genealogical search you will come to a point where you will have a blockage. Blockages are normal and a simple solution is to take a break from the intense search and start over with a fresh perspective. I usually redirect to another line that is NOT related to the line I am having trouble with. This helps keep the fresh ideas flowing and stops circular research and stagnation.

I look over my files and pick a line that I haven't worked for a while. Sometimes I look at someone else's family, and spend some time in fresh territory. Other times I try a new approach, and discard what I think I know. Often this helps break through, because what you now have remaining is stripped of suppositions and misleading suggestions.

Returning to the known, and working into the unknown is the basic process for progress. It is seldom productive to research early lines and try to work forward in time to your known ancestors. Following this process leads to many false paths, and wasted time and resources.

Resource management is important in research, copious notes and annotated sources are essential to credibility, and the ability to determine the difference between established data and rumors and assumptions.

Your resources are measured in many ways. Time, money, and knowledge are the coins of research. Since time and money are more difficult to acquire, knowledge pays the highest dividends. The skills you develop to know where to direct your research efforts will save you time and money.

"Free" resources are available in increasing quantities in recent times; the computer and the Internet are essential tools that indicate where to look for the solid sources of the hard data. Do not mistake a published genealogy in a book or on the Internet for the hard evidence that represents fact. The research is only as good as the ability you have to readily verify and reproduce the same validated results. The joy of finding a lost relative, ancestor, or "collateral" can overwhelm common sense and cloud your vision. The key to successful data collection is to search and then REsearch.

Another key caution is not to pass on mistakes made by others. Take it all with a grain of salt until you can say, "I have the proof."

Solid first-rate sources that are contemporary with the event are the most reliable, with the warning that three eyewitnesses do not see the same accident. But evidence from independent sources can indicate that the records are accurate. Just because three people say it is likely or true doesn't make it fact. Sometimes you have to dig it all up yourself and make up your mind based on the best available sources.

When you have taken your break, honed your research tools, and have returned to the search with a fresh outlook, you might find your elusive ancestors waiting for you.

Queries

In general, these are “most-wanted” or “end-of-line” individuals. I have made NO effort to match these, so there may be duplicates. These are mostly from various E-mail queries. Most do not include US Postal addresses. If you do not have access to E-mail, then I would be happy to forward your U.S. Mail response to any of these queries.

Seeking information on Edward M. Franklin, born 1846 in Tennessee, married to Sarah Ann Gay (born Feb 1850, Weakly or Obion County, Tennessee) 20 Jan 1867 Weakley County, Tennessee. There were two children born of this marriage: Cora M. Franklin, born 1868 and Gurta L. Franklin, born 1872. Both children born in Weakly County, Tennessee. Have a great deal of info to share on this family, and would really like to be able to complete the line by finding out about Edward M. Franklin.

Thank you,
Deanna Warren <dwarren@bctonline.com>

William Franklin was born abt. 1773 in Rhode Island. He married Sarah (Brown??) who was born 7 Feb 1778 in Vermont. She died 28 Oct 1856 in New Vernon, Mercer County, Pennsylvania. He died in 1857. Their children were Moses, born 1796 in Vermont and married Electa Ann; Leander J., born 1815 in New York and married Sarah J. Baker; and Elizabeth, born 1799 in Vermont. I know the names of their descendants but would love to find out William’s father’s name as well as find out if Sarah was Sarah Brown and more about her family.
