If a pupil receives an unsatisfactory mark on any subject it should be made a matter of immediate inquiry. Possibly it is to be attributed to lack of study, to too many outside engagements, to irregular attendance, or to some other cause which may be removed.

Special attention is called to the importance of the citizenship grade. If any grade below A is given the reason will be checked. Since this is one grade in which an A is possible for every child, the parent should cooperate with the teacher in applying corrective measures to accomplish this. The parent should demand from his child an A in citizenship.

We suggest that you talk over this report with your child each time it is received, and if it has any particular needs which are indicated to you by the marks on this card, that you confer with the teacher or superintendent regarding it.

If the parents could show their interest in the child and school by occasional visits to the school, it would prove a great source of inspiration and help to both pupil and teacher.

Your hearty cooperation is solicited in the endeavor to secure the best development of your child.

CLASS GRADING

THE GRADE "A" is the distinctly honor grade, and represents work of definitely superior quality. This grade is reserved for the few outstanding students.

Requisites for an "A" mark: 1—All assignments completed on time and in a creditable manner. 2—Real contributions in class. 3—A good record of attendance. 4—All written work neatly done. 5—Evidence of ability to apply principles. 6—Works independently and has sufficient initiative and interest to undertake original projects beyond assigned work.

THE GRADE "B" represents work of excellent quality and is given to those who do work which is clearly above the average.

Requisites for a "B" mark: 1—Mastery of major portion of assigned work. 2—An above average response in class. 3—All written work neatly done. 4—Work handed in on time. 5—Evidence of ability to apply principles. 6—Requires no urging to have work done on time.

THE GRADE "C" represents work of average quality and is given to that large group of substantial students who do average work.

Earning a "C" mark: 1—Honest effort and meeting requisites for a B mark with a goodly degree of success will usually earn for a pupil at least a "C" mark.

Earning a "D" mark: Below the danger line but passing. Work is regarded as passing according to the minimum requirements of the course. More time and effort should be given to the particular subject.

An "F" mark denotes failure.

This report is more than a mere showing of the grades. It is a graphic illustration of the variation in grades which will "at sight" tell a story not possible with figures or letters.

Do not fail to commend the upward slant of the graph line. If the line takes a downward turn, talk it over with your child and the teacher.

We show a danger line, thus:

Encourage your child to strive to keep the Graph well above the danger line.

Special attention is called to the serious consequences of **Irregular Attendance**. It is important to remember that the loss of even a portion of a school session often proves to be a serious interruption to progress, and tends to produce a lack of interest in the school work. Excuses showing good cause for absence or tardiness should always be sent to the teacher promptly on the return of child to school.

TO PARENT OR GUARDIAN

This report is more than a mere showing of the grades. It is a graphic illustration of the variation in grades which will "at sight" tell a story not possible with figures or letters.

Do not fail to commend the upward slant of the graph line. If the line takes a downward turn, talk it over with your child and the teacher.

We show a danger line, thus:

Encourage your child to strive to keep the Graph well above the danger line.

Special attention is called to the serious consequences of **Irregular Attendance**. It is important to remember that the loss of even a portion of a school session often proves to be a serious interruption to progress, and tends to produce a lack of interest in the school work. Excuses showing good cause for absence or tardiness should always be sent to the teacher promptly on the return of child to school.

Requisites for an "A" mark: 1—All assignments completed on time and in a creditable manner. 2—Real contributions in class. 3—A good record of attendance. 4—All written work neatly done. 5—Evidence of ability to apply principles. 6—Works independently and has sufficient initiative and interest to undertake original projects beyond assigned work.

THE GRADE "B" represents work of excellent quality and is given to those who do work which is clearly above the average.

Requisites for a "B" mark: 1—Mastery of major portion of assigned work. 2—An above average response in class. 3—All written work neatly done. 4—Work handed in on time. 5—Evidence of ability to apply principles. 6—Requires no urging to have work done on time.

THE GRADE "C" represents work of average quality and is given to that large group of substantial students who do average work.

Earning a "C" mark: 1—Honest effort and meeting requisites for a B mark with a goodly degree of success will usually earn for a pupil at least a "C" mark.

Earning a "D" mark: Below the danger line but passing. Work is regarded as passing according to the minimum requirements of the course. More time and effort should be given to the particular subject.

An "F" mark denotes failure.

TO PARENT OR GUARDIAN

This report is more than a mere showing of the grades. It is a graphic illustration of the variation in grades which will "at sight" tell a story not possible with figures or letters.

Do not fail to commend the upward slant of the graph line. If the line takes a downward turn, talk it over with your child and the teacher.

We show a danger line, thus:

Encourage your child to strive to keep the Graph well above the danger line.

Special attention is called to the serious consequences of **Irregular Attendance**. It is important to remember that the loss of even a portion of a school session often proves to be a serious interruption to progress, and tends to produce a lack of interest in the school work. Excuses showing good cause for absence or tardiness should always be sent to the teacher promptly on the return of child to school.
