

Kittatinny and Blue Mountain Tunnels are called the "Twin Tunnels" as there is only 800 feet of daylight between them; then the mountains are behind you, and the Turnpike runs straight as a ribbon for long distances through the fertile Cumberland Valley.

POST CARD

Dear Girls-

Arrived OK. It is nice here.

Daddy is a little better, he has better color and seems better in general but still is very short of breath and tires very quick. I haven't decided when to go home -
