As you share your happy memories

On this very special day

Remember that you're wished the best

That life can bring your way

Mr. & Mrs. Louis Henderson

Looking back, may you remember
Countless happy hours
you've known-

Memories that live forever
And belong to you alone.

Looking forward, may the future
Keep disclosing to your view
Happy vistas of the pleasures
That are still in store
for you!

Paul and Mary

Dear friends 

Happy Anniversary
To a very special pair,
May your day be filled
with happiness

And memories to share --
May that happiness continue
Year after year for you,
With many cherished moments
And many dreams-come-true!

Hope you have a wonderful
day.

Paul & Betty Monroe,

*This silver anniversary note
Is warmly sent your way
To wish you twenty-five more
happy years
Starting with today.*

Mr. & Mrs. Herschel Musick

Congratulations on this day
That you've looked forward to
Here's wishing it will prove to be
Just wonderful for you...
Here's hoping most sincerely
That the coming years will bring
More happy anniversaries
And the best of everything!

Barbara, Larry
& Larry

Your Silver Anniversary
Must be a glad event
As you review the happy
And successful years you've spent,
So warm "congratulations"
As you see a dream come true,
May your success continue
Through the years ahead of you!

Love,

Janet

*It's a pleasure
to congratulate you
on this wonderful occasion*

Esther Robbins

Just want to say it's wonderful
To offer both of you
Sincere congratulations
And the best of wishes, too...

And as you both recall the joys
You've known since you were wed,
May you be blessed with happiness
Throughout the years ahead.
