

Cross-Section Projected along Bluefield and Experimental Roads Geology from gas wells on file in the Division of Mineral Resources

Vertical exaggeration = 10X.

5780 Street Number Domestic waterwell, not showing chlorinated compounds, "ND"	5780 Street Number Domestic waterwell, at least as deep as shown
5809 Street Number Domestic waterwell showing contamination from chlorinated compounds	5780 Street Number Domestic waterwell, depth not known

NOTE:
Geologic correlations were made based upon well completion reports on file at DMR, Central Office. Gas well logs of these same locations record different unit names, as shown for the northernmost gas well.

W.B. Welling, Engineering Geologist 1, DER, BHSC
