

Hannah Jane Walton Gleason's home was on the corner of 200 East and 600 South where Salt Lake City County Public Health Center now stands.

A vacant lot marks the site (543 S 5th West) of Ann Walton and John William Townsend's home.

JB Walton (son of Joseph) built this home on the corner of 500 North (488 N) and 100 East in Provo in the late 1800s. He later moved to what is now BYU's "Stadium Hill."
